

Special Operations Tactical Rescue Technician (TEMS)

Tactical EMS (TEMS) is a comprehensive course in the applied science of tactical medicine and rescue techniques. The knowledge obtained regarding high-threat rescue techniques and tactical operational medical treatment modalities will empower the tactical rescuer to become adaptable and successful in a high-threat environment.

This course meets the Wisconsin Department of Health, EMS Unit requirements for TEMS credentialing within the state of Wisconsin. All classes are held at the state-of-the-art NTC Public Safety Center of Excellence.
